

AKASHICHEM BRIDGING YOUR NEEDS

"Doing Everything Right and Right Every Time to Ensure Total Customer Satisfaction"

ABOUT US

Akashichem Group of Companies was established in 2000 and is part of the Cavalier Capital Group of Companies. We are strategically located with 14 offices in different countries to support all our customers' needs.

We connect our customers to new opportunities through our large global network of manufacturing partners and close relationship with suppliers. We provide strong sales and technical support, total solutions and expertise in supply chain management.

We have full control over the supply chain: delivering goods directly from our partner factories right to your door. That means, our clients can focus on their core business and do not need to worry about production timeline, quality control, warehousing, packaging and shipping details, customs clearing, documentation, invoicing and payment collection.

OUR VISION

To Be a family of companies that builds trusting and lasting relationships

OUR MISSION

To be good stewards of business entrusted to us, and to conduct ourselves with integrity, performing beyond expectation

QUALITY POLICY

Doing Everything Right and Right Every Time to Ensure Total Customer Satisfaction. As a company committed to providing services that enhance and optimize our customers' performance, we put great emphasis on our values. They are our fundamental strength and which help us to steer a clear path towards achieving high standards of our business.

This principle is rooted in our culture and serve as the foundation for the behaviours expected from all our employees in all parts of the world. They also define what "doing the right thing" means to us and are central to how we conduct our business.

Our Commitment to Corporate Social Values

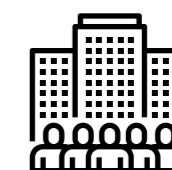

Akashichem Group is dedicated to creating social value through business activities. We aim to contribute to a sustainable global environment by developing Photovoltaic Systems that reduce greenhouse gas emissions, combat climate change, and promote resource efficiency.

Our Global Presence

3000+ Customers in 30 countries

500+ Premier chemical producers

500+ Products and 1600+ SKUs

14 Global Offices with 120

GLOBAL PRESENCE IS KEY TO OUR CLIENT'S SUCCESS

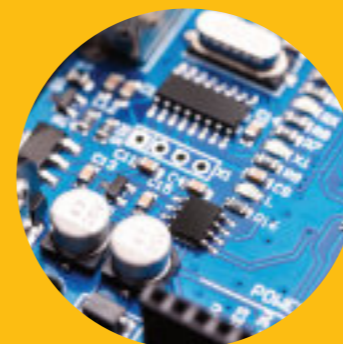

Akashichem Group has more than 3000 customers in over 30 countries and territories all over the world. We are a true global citizen. We operate globally and locally, according to our customers' needs. We have clear global strategic directions and flexibility to adapt to local opportunities and requirements.

OUR SERVICES

In Akashichem, we add our value in our customers by managing the entire supply chain and we are always committed to achieving the highest standards and meeting their needs through sourcing and delivering products in demands from customers around the world.

Our roles including supply chain and distribution, formulation, commercial role, partnering with suppliers to strengthen our product services and technical & troubleshooting.

Electronic & Solars

We are one of the leading global supplier to the front and back-end process of semiconductors, silicone for PCBA & PCB and chemicals for solar

Metal Stamping & Plating

We supply a comprehensive lineup of materials ranging from lubricant oils to degreasing solvents and plating chemicals.

Fluoropolymer & Fluorochemical

Full line of engineering plastics and fluoropolymer resins and fluorochemical products suitable for medium to high-end industries

Agriculture

Products including wide range of fertilizers and agriculture, aquaculture, and animal feed chemicals.

Plastic & Polyurethane

We supply upstream feedback for the PU chemical manufacturers as well as solutions and chemicals for plastic manufacturer such as SPC manufacturers

Textile & Paper

We supply specialty chemical products for textile and paper industries, ranging from auxiliary to textile finishing chemicals.

Paint & Adhesive

We provide high performance fluororesin coating as well as Epoxy, Silicone, Polyurethane, Acrylic and other coatings chemicals

Cosmetics & Personal Care

We source a large number of specialty ingredients for the cosmetic and personal care industries

Food & Beverage

We offer a wide product selection for food and beverage industry applications, ranging from sweeteners, vitamins, fillers, food processing ingredients to packaging materials.

Refrigerant, Industrial Gas & High Purity Gas

We offer high purity and specialty gases solutions to all industries and full range of refrigerants including refilling facility

Detergent, Solvent & Chlorinated & Fluorinated Solvent

We sell a wide range of chemical products to companies producing

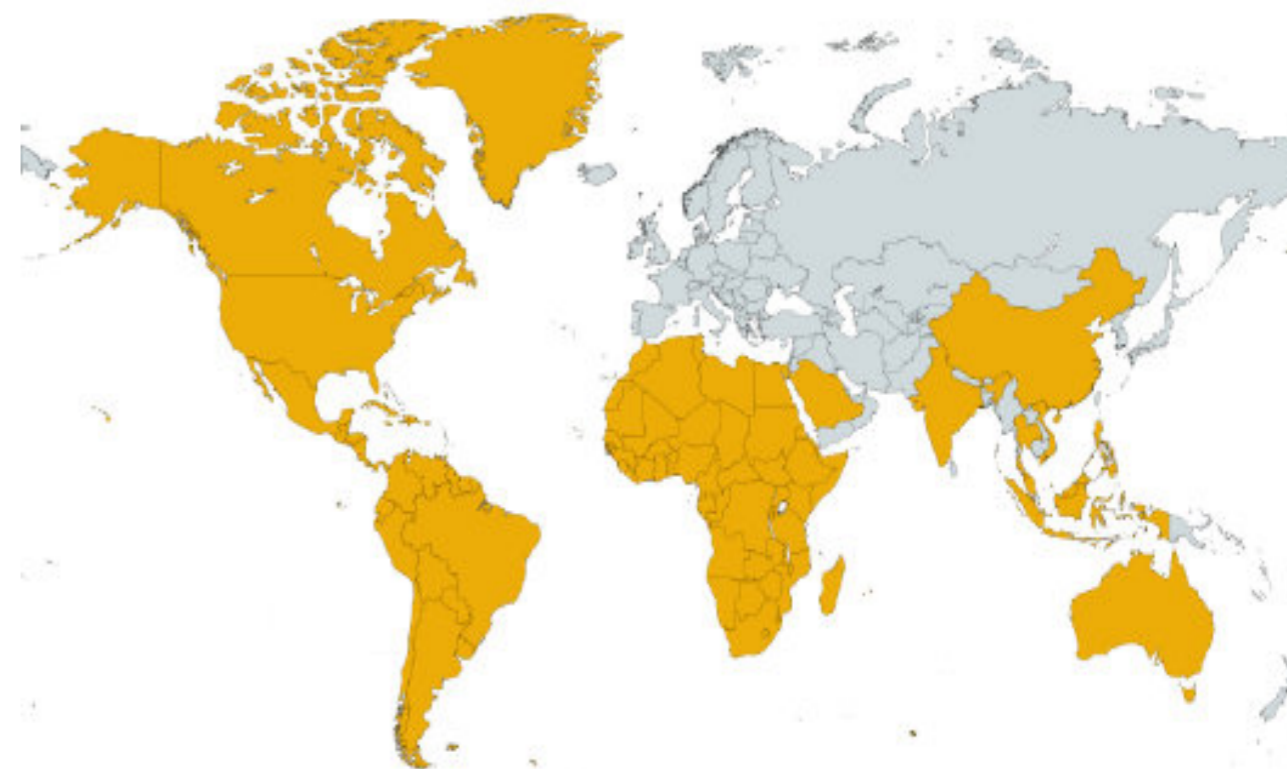

Water Treatment

Our water treatment chemicals are widely used for public works, swimming pools and aquaculture

OUR BUSINESS PARTNERS

OUR PRESENCE IN THE REGION

AKASHICHEM GROUP

PRODUCT LIST

AKASHICHEM

Water Treatment | Cleaning & Sanitization |
Tunnel, Mining Oil & Gas | Plantation | Metal |
Plastic & Foam | Textile & Paper |
Fluoropolymer | Fluoroelastomer

CHEMICAL FOR WATER TREATMENT

Product Listing

- Calcium Chloride (CAS no.: 10043-52-4)
- Soda Ash Dense (CAS no.: 497-19-8)
- Sulphuric Acid (CAS no.: 7664-93-9)
- Phosphoric Acid (CAS no.: 7664-38-2)
- Caustic Soda Micropearl/ Flakes/ Liquid (CAS no.: 1310-72-2)
- Acetic Acid (CAS no.: 64-19-7)
- Hydrogen Peroxide (CAS no.: 7722-84-1)

CHEMICAL FOR CLEANING & SANITIZATION

PRODUCT LISTING

- Acetic Acid (CAS no.: 64-19-7)
- Ammonium Sulphate (CAS no.: 7783-20-2)
- Boric Acid (CAS no.: 10043-35-3)
- Borax Deca/ Penta (CAS no.: 1303-96-4/ 12179-04-3)
- Calcium Chloride (CAS no.: 10043-52-4)
- Caustic Soda Micropearl, Flakes, Liquid (CAS no.: 1310-72-2)
- DEA, DEG, MEG (CAS no.: 111-42-2/ 111-46-6/ 107-21-1)
- Glycerine (CAS no.: 56-81-5)
- Hydrochloric Acid (CAS no.: 7647-01-0)
- Hydrogen Peroxide (CAS no.: 7722-84-1)
- Iso Propyl Alcohol (CAS no.: 67-63-0)
- Mono Ammonium Phosphate (CAS no.: 7722-76-1)
- Perchloroethylene (CAS no.: 127-18-4)
- Phosphoric Acid (CAS no.: 7664-38-2)
- Potassium Hydroxide (CAS no.: 1310-58-3)
- Silicon Emulsion (CAS no.: 63148-62-9)
- Titanium Dioxide (CAS no.: 13463-67-7)
- Trisodium Phosphate (CAS no.: 7601-54-9)
- Urea (CAS no.: 57-13-6)
- White Oil (CAS no.: 8042-47-5)
- Sodium Silicate (CAS no.: 1344-09-8)

CHEMICAL FOR TUNNEL, MINING, OIL & GAS

Product Listing

- Refrigerant
- Acetic Acid (CAS no.: 64-19-7)
- Borax Deca/ Penta (CAS no.: 1303-96-4/ 12179-04-3)
- Calcium Chloride (CAS no.: 10043-52-4)
- Hydrogen Peroxide (CAS no.: 7722-84-1)
- Caustic Soda Micropearl/ Flakes/ Liquid (CAS no.: 1310-72-2)
- Potassium Carbonate (CAS no.: 584-08-7)
- Iso Propyl Alcohol (CAS no.: 67-63-0)
- Phosphoric Acid (CAS no.: 7664-38-2)
- MEG (CAS no.: 107-21-1)
- Soda Ash Dense/ Light (CAS no.: 497-19-8)
- Sodium Cyanide (CAS no.: 143-33-9)
- Sodium Silicate (CAS no.: 1344-09-8)
- Sulphuric Acid (CAS no.: 7664-93-9)
- AFLAS

PRODUCT LISTING

- Ammonium Chloride (CAS no.: 12125-02-9)
- Ammonium Sulphate (CAS no.: 7783-20-2)
- Mono Ammonium Phosphate (CAS no.: 7722-76-1)
- Phosphoric Acid (CAS no.: 7664-38-2)
- Potassium Carbonate (CAS no.: 584-08-7)
- Sulfur (CAS no.: 7704-34-9)
- Trisodium Phosphate (CAS no.: 7601-54-9)
- Urea (CAS no.: 57-13-6)
- Borax Deca/ Penta (CAS no.: 1303-96-4/ 12179-04-3)

CHEMICAL FOR PLANTATION

CHEMICAL FOR METAL

PRODUCT LISTING

- Borax Deca/ Penta (CAS no.: 1303-96-4/ 12179-04-3)
- Boric Acid (CAS no.: 10043-35-3)
- Calcium Chloride (CAS no.: 10043-52-4)
- Caustic Soda Micropearl/ Flakes/ Liquid (CAS no.: 1310-72-2)
- Hydrogen Peroxide (CAS no.: 7722-84-1)
- Iso Propyl Alcohol (CAS no.: 67-63-0)
- Phosphoric Acid (CAS no.: 7664-38-2)
- Soda Ash Dense/ Light (CAS no.: 497-19-8)
- Sodium Cyanide (CAS no.: 143-33-9)
- Sulphuric Acid (CAS no.: 7664-93-9)
- Trichloroethylene (CAS no.: 79-01-6)

CHEMICAL FOR PLASTIC & FOAM INDUSTRY

PRODUCT LISTING

- Calcium Chloride (CAS no.: 10043-52-4)
- DEG, MEG (CAS no.: 111-46-6/ 107-21-1)
- Epoxy Resin (CAS no.: 25085-99-8)
- Glycerine (CAS no.: 56-81-5)
- Polyol (CAS no.: 9003-11-6)
- PVC Resin (CAS no.: 9002-86-2)
- Silica (CAS no.: 7631-86-9)
- Stearic Acid (CAS no.: 57-11-4)
- TDI (CAS no.: 26471-62-5)
- White Oil (CAS no.: 8042-47-5)

CHEMICAL FOR TEXTILE & PAPER INDUSTRY

Product Listing

- Acetic Acid (CAS no.: 64-19-7)
- Borax Deca (CAS no.: 1303-96-4)
- Boric Acid (CAS no.: 10043-35-3)
- Caustic Soda Micropearl/ Flakes/ Liquid (CAS no.: 1310-72-2)
- Perchloroethylene (CAS no.: 127-18-4)
- Fatty Alcohol (CAS no.: 382370)
- Glycerine (CAS no.: 56-81-5)
- Iso Propyl Alcohol (CAS no.: 67-63-0)
- Hydrogen Peroxide (CAS no.: 7722-84-1)
- Soda Ash (CAS no.: 497-19-8)
- Sulphuric Acid (CAS no.: 7664-93-9)
- Sodium Silicate (CAS no.: 1344-09-8)
- Titanium Oxide (CAS no.: 13463-67-7)
- Calcium Carbonate (CAS no.: 299-28-5)

CHEMICAL FOR ADHESIVE

Product Listing

- Melamine (CAS no.: 108-78-1)
- Urea (CAS no.: 57-13-6)
- Methylene Chloride (CAS no.: 75-09-2)
- Polyol (CAS no.: 9003-11-6)
- PEG (CAS no.: 25322-68-3)

FLUOROELASTOMER

Product Listing of AFLAS

Application

- Sealing parts for Oil & Gas, CPI & Analytical Instruments
- Instruments for Semiconductor Manufacturing

Properties

- Chemical Resistance
- Thermal Resistance
- Oil Resistance/ Solvent resistance
- Durability/ Strength
- Ozone Resistance

Industry

- Chemical Processing
- Oil and Gas
- Semiconductor Manufacturing

FFKM

FLUOROELASTOMER

Product Listing of AFLAS

Application

- O-rings and Cylinder Head Gaskets
- Wire and EV Cable
- Shafts, Oil Seals, Packer
- Rubber Roller

Properties

- Thermal Resistance
- Chemical Resistance
- Solvent Resistance
- Ozone Resistance

Industry

- Oil and Gas
- Automotive
- Testing Lab

FEPM

FLUOROPOLYMER

Properties for PFA, FEP, PTFE

Heat Resistance; Chemical Resistance & Solvent Resistance; Friction & Surface Properties; Electrical Resistance

Product Listing

FEP

Application

1. Conventional Injection Moulding
2. Screw Extrusion
3. Wire & Cable

PTFE

Application

1. Sheets, Rod, Tubing
2. Stock Shapes
3. Gaskets, Packings, V-rings

PFA

Application

1. Tubing & Bottles
2. Electrical Wires
3. Injection Moulded Parts
4. Antistatic Lining
5. Medical Tube (FDA Approved)
6. Rotolining / Rotomoulding

FLUOROPOLYMER

ETFE PROPERTIES

Good Electrical & Mechanical Properties; Weather Resistance; Flame Retardant, Gas Barrier Properties; Chemical Resistance; FDA Approved; FM Standard.

Product Listing

ETFE POWDER

Application

1. Powder Coating
2. Rotolining/ Rotomoulding
3. FM Duct Coating
4. Antistatic Lining

ETFE RESIN

Application

1. Wire & Cable (High MFR & Low MFR)
2. Lining
3. Extrusion Moulding
4. Injection Moulding

ETFE FILM

Application

1. Protective Film/ Back Sheet Material for Solar Cells
2. Release Film for Electronics
3. Film for Membrane Structure Roofs/ Exteriors

CHEMICAL FOR SEMICONDUCTOR / ELECTRONICS / SOLAR

Product Listing

BULK, HIGH PURITY AND SPECIALTY GASES

- Sulphur Hexafluoride (SF6)
- Nitrogen
- Helium
- Argon
- Tetrafluoromethane (CF4)

OTHERS

- ETFE resin and powder
- PFA resin and powder
- PFA Sheet Lining
- PTFE Sheet Lining
- Fluorinated Solvent
- ETFE Film
- FEP Film
- PTFE Film

CHEMICAL

- Hydrogen Peroxide (H2O2)
- Methylene Chloride (MC)
- Perchloroethylene (PCE)
- Trichloroethylene (TCE)
- Hydrochloric Acid (HCL)
- Hydrofluoric Acid (HF)
- Sulphuric Acid (H2SO4)
- Potassium Hydroxide (KOH)
- Caustic Soda (NaOH)
- Phosphoric Acid (H3PO4)
- Nitric Acid (HNO3)

FINISHED PARTS

- High Purity PFA tube
- Fluoropolymer wire and cables
- ETFE Coating for FM Duct
